Let's have you reschedule on/after 2 pm on Wednesday 11/14. If 1 pm is better for everyone else, I can move my other 1 pm meeting.

Hi Douglas,
Thank you for the update.
Whatever timeframe works for the review you and Valois are doing is fine with me. If this Thursday is too soon, it looks like the 14th (afternoon) or 28th might work for all.
Thanks, Kimi

Hi Kimi: by way of an update, Valois and I will not be able to reviews these documents from Lynne until next week.

I can give a you another update on our review then, but wanted to let you know where we are at and if you would like us to push the 11/8/18 meeting with you a little further into the future.

Thanks,

Douglas

Douglas and Valois,

Attached is what I have. Still to go are mitigation and environmental setting.

Subject: FW: DB - General Effects Determination

Thanks Lynne: so we don't miss anything, could you please re-send all of these ESA document in one email to Valois and I by Friday morning for our review? This will also help ensure we have the most current version to pass on to Kimi next week.

Douglas

Subject: DB - General Effects Determination

Douglas,

I just finished this section. The effects determination on endangered species will come next. I have written everything. I just have to tighten it up a bit. Then mitigation measures.

Sorry I didn't check in earlier. I am home today.
